Chief Brian Taylor  
North Prairie Fire Department  
Post Office Box 296  
North Prairie, Wisconsin 53153

Dear Chief Taylor-

On August 13, 2014, I conducted a onsite audit of the North Prairie Fire Department for compliance with the requirements of the 2% Dues Fire Program. My audit consisted of an examination of the records relating to fire department training, incident response, fire inspections and other relevant information. Additionally I examined the budget to establish that 2% monies were received by the department and spent on allowable items.

My review of your records indicated that your department is in substantial compliance with all the requirements of the 2% Program.

A copy of the Onsite Audit Checklist is attached for your files.

Please make a copy of this this letter and the attached files available to the highest elected official in each of the municipalities your department services.

Thank you for your cooperation during the audit process, please feel free to contact me if you have any questions regarding this audit.

Sincerely,

Sue Birren  
Fire Protection Coordinator  
District 4
